Wholesale Plumbing & Heating Supplies

Committed To Our Contractors

Over the past 60+ years, Grove Supply, Inc. has proudly served the plumbing, heating, and HVAC industries with unsurpassed quality and customer service. In business since 1948, our customers depend on our wealth of knowledge and our ability to always have the best equipment, parts, and supplies to get the job done right the first time.

Grove Supply boasts 14 locations throughout southeastern Pennsylvania and central and southern New Jersey, with 11 parts counters and six GSI Bath Showplace luxury showrooms. Our contractors enjoy the convenience our locations present as well as the security in knowing we have what they're looking for available and in stock.

When it comes to quality products, our lines are second to none. Grove Supply represents the most respected manufacturers in the industry—with a vast array of product choices for every budget and application.

Over the years, our position as the region's premier independent plumbing, heating and HVAC distributor is not taken lightly. We continue to strive to be the best as we serve the residential, commercial, industrial, institutional, educational, and governmental markets. Our tenacity to be the best is fueled by working with the best contractors Pennsylvania and New Jersey have to offer. If you are new to Grove Supply, you will soon discover our commitment to you.

Welcome

Customer Service

Employing the Best In the Business

When it comes to customer service, Grove Supply, Inc. “can’t be beat.” We take the time to employ the most knowledgeable and responsible workforce any industry would envy. One of the primary reasons we can make this claim is due to our ability to retain our people. Grove Supply has very little employee turnover. We provide a great working environment, fair compensation and benefits, and empower our people to do their best. From the front office to our delivery drivers—our loyal base of contractors have peace of mind in knowing their order is accurate and being delivered on time.

Grove Supply continues to not only host continued education and training opportunities for our customers, but also ensures our workforce is up-to-date on all industry advances, product application techniques, and code changes. Our training and educational opportunities never end and serve as a labor of love throughout our company.

Our expert counter representatives will know what you’re looking for and, if you’re not quite sure, will take the time to fully understand what your specific needs are in order to help identify the proper solutions to your unique challenges. Our showroom team can assist with design, product selections, and quotes to take the worry out of your bidding process. You will soon discover why our people really make the difference and separate us from the competition.

Our workforce is the best in the industry. They are also good people serving the communities we reside in to make our region a better place to live. We take pride in what we do and take that spirit home to our families, friends, and neighbors.

Everything You Would Expect and More

Grove Supply maintains six extensive showroom locations (GSI Bath Showplaces), three in Pennsylvania and three in New Jersey. Our showrooms are a great tool in helping our contractors, plumbers, and their customers view the latest products on display in a clean, stylish, hands-on environment.

We offer a vast selection in numerous styles that satisfy a broad budget range. Many of our displays exhibit a wide range of design tastes and serve as a backdrop to help our customers envision the many possibilities available. Our product lines include the items you would expect from a premier plumbing distributor: tubs, fixtures, sinks, toilets, etc. We also distribute products such as: bath cabinetry, mirrors, towel

warmers, shower doors, toilet seats, and many more items that complement the bathroom and kitchen.

With everyone interested in Going Green, GSI Bath Showplace is committed to supplying energy- and water-saving fixtures that perform well and preserve our natural resources. As new technologies become available and product innovations come to the market, you can be assured that we will be at the forefront of the industry.

We encourage you to stop in and get to know our team of professionals in your area. Many of our contractors rely on their expertise when bidding on projects as well as discussing ideas with their customers.

Efficiency and Savings Without Sacrificing Performance or Design.

EcoPower® Flush Valves and Faucet put water to work – supplying the very energy they consume. The flow of water spins the high-efficiency turbine to both create and store power. Because each turn of the turbine powers and re-charges the EcoPower system, TOTO has eliminated the need for hard-wiring or routine battery replacement. It's that simple. It's that revolutionary. It's that sustainable.

	Consumption	EPACT Baseline	Savings
CT708E, Wall-mounted toilet with TET2LN, EcoPower Flush Valve	1.28 gpf	1.6 gpf	20%
UT104V, Urinal with TEU3LN, EcoPower Flush Valve	0.5 gpf	1.0 gpf	50%
TEL3GW60, Helix™ Wall-mounted EcoPower Faucet	0.1333 gpf	0.25 gpf	47%

TOTO HETs, HEUs, and EcoPower Faucets can help achieve a 30% reduction over baseline water use in commercial buildings in the LEED rating system. TOTO 1.28 GPF HETs and 0.5 GPF HEUs can help earn up to two LEED credits (WE 3.1 and WE 3.2).

TOTO® ECOPOWER®

Guaranteeing peace of mind from concept to completion.

Green Construction | Labor Saving Products | Retrofit | Local Inventory

Committed to you. Committed to the environment.

Everything You Need To Get the Job Done

Grove Supply is truly the single, premier source for all of your plumbing, heating, and HVAC needs. When it comes to education, training, and learning about the various products and rebate programs available we are second to none. As the push for energy efficiency becomes stronger and integrated into our lifestyles, Grove Supply is making sure your business is aware of what is going on in the industry. Today, green products as well as ENERGY STAR rated products are emerging as the standard choice in product installations.

Going Green is all the rage among contractors, institutions, government, and homeowners. We are doing our part by not only making sure we have a vast selection of these products to choose, but also staying on top of what is out there.

When it comes to the supplies and tools you need on a day-in and day-out basis, we have you covered. You can

count on us to stock the items you use every day. We are also well aware of your purchasing history and strive to maintain a current inventory of the items we know you will be counting on. We are committed to lifelong relationships with our customers.

Because of our position in the market, Grove Supply, Inc. possesses the financial strength (even in trying economic times) to make sure we can fulfill all of your product and supply needs, but remains local and small enough to know you by name and understand your operation. As you make any one or more of our 11 counter locations your stop to turn to, you will quickly realize you have a trusted partner in your success. Our professional counter staff is always here to help you get the most out of your preferred distributor.

We would welcome any opportunity to display firsthand that we have earned our motto: "Customer Satisfaction."

We Stock What You Need So You Don't Have To

With 14 locations throughout Pennsylvania and New Jersey, Grove Supply is sure to have what you're looking for—in stock. We take great pride in understanding and forecasting the needs of our loyal customer base. Our ability to provide the products they need, when they need them has been a staple in our proud history.

Together, our 14 locations boast more than 250,000 square feet of inventory items. Not only do we stock the items you need for today's project, but maintain our own fleet of trucks ready to deliver to the jobsite.

When it comes to infrastructure, we know what we're doing. If the location you call home doesn't have the item in stock, chances are we have it at another and will quickly get the products where you need them. Our state-of-the-art systems and processes help maintain a smooth and efficient operation. This ultimately reduces unnecessary in-house costs which, in turn, are passed on as savings to our customers through competitive pricing.

Flexibility beyond convention.

Corrugated stainless steel tubing has revolutionized the gas-distribution business, rendering conventional black iron pipe obsolete. Gastite bends, allowing you to avoid obstacles without spending precious time cutting and threading like you do with iron pipe. Lightweight and flexible, Gastite will slash your installation time by up to 50%. Gastite makes your job easier and more profitable. Visit www.gastite.com to see the system we've built.

- Available in sizes from 3/8" to 2"
- Flexibility and durability allows for simple routing through complex building structures and designs
- Pre-marked by the foot for easy measuring and installation
- Works perfectly with the entire range of Gastite products, including the XR2 series of fittings, featuring a patented multi-point seal*
- Made in the USA
